Connected to the world, country & school with healthy competition

Cons

Paid Account (2 weeks free)

Cannot turn off specific activities within the assignments

New Dashboard coming—but you have a full year to learn the new one

(Not all items are on the new dashboard yet)

Help & Tips!

- **Use the Green Arrows to go back.**
- **Classes** -differentiate -Drag and drop to make a new group.
- **Courses** – can adjust the course by hide and seek
- **Activities** – the guide is a useful teaching tool.
- **Results** –change levels here & set minimum levels here
 - digital mark book
 - hover over the number to see how many attempts
 - click sections to assign tasks—locks them down and they must complete the activity before they can continue
- **Reports** – generates a report of students activity and success
- **Ebooks** – print information to do paper pencil method and/or videos and interactives to do with your students. **Rich Learning tasks** are worth looking at (designed by Dr. Marian Small)
- **Demonstrations** – teach using student view. Great examples/questions to display on smartboard
- **Teacher Toolkit**—dictionary, access e-books, videos, widgets (examples that can be used)
- **Assessment Tests** – good assessment for later in the year.

My Notes & Questions
